CONTENTS

No. 1, June 25, 1954

PAGE

Oikawa, T. and **Kurosawa, T.** The Behaviour of Rods in Photopic Vision 1

Ito, M. Studies on Melanin. XXII. Nevus Fusco-caeruleus Acromio-deltoideus 10

Masamune, H. and **Ogawa, K.** Biochemical Studies on Carbohydrates. CLXIII. A Spectrophotometric Determination Method of Hexoses in Sugar Mixtures and Polysaccharides 11

Sato, A. Chédiak and Higashi's Disease, Preliminary Report. Probable Identity of Chédiak's and Higashi's Diseases 22

Masamune, H. and **Ogawa, K.** Biochemical Studies on Carbohydrates. CLXIV. Spectrophotometric Determination of Pentoses in Sugar Mixtures and Polysaccharides 23

Masamune, H. and **Ogawa, K.** Biochemical Studies on Carbohydrates. CLXV. A Spectrophotometric Determination Method of Methyl-pentoses in Sugar Mixtures and Polysaccharides 33

Masamune, H. and **Ogawa, K.** Biochemical Studies on Carbohydrates. CLXVI. On Pentose Determination in Nucleic Acids 41

Abe, M. Electrical Responses of the Human Brain to Acoustic Stimulus ... 47

Hatchome, N. and **Sato, M.** On the " Yatobyo " Exanthem (Tularemid) 59

Yamamoto, S., Komatsu, M., Oikawa, M. and **Konno, T.** Studies on Brain Stem. VII. On the Position of the Abducens Nucleus in Human Embryos, viewed ontogenetically 67

Ohara, M. Studies on the Temperature of the Gastrointestinal Tract. Tenth Report. Influence of Ingesting Various Solutions on the Intragastric Temperature 71

Masuda, H., Ohara, M. and **Katsura, S.** Studies on the Temperature of the Gastrointestinal Tract. Eleventh Report. A New Thermometer for the Gastrointestinal Temperature Measurement 81

Mitsuki, K. Diagnosis of Tumors by Needle Biopsy 87

Hamada, Y. Studies on Mucopolysaccharide in Skin Diseases. II. Circumscribed Symmetrical Tuberous Myxedema 97

No. 2, August 25, 1954

Sasaki, J. Innervation of Human Back Skin 105

Abe, Y. Fine Structure of Nasal and Oral Cavities in Dog and their Sensory Innervation, especially on the Intraepithelial Fibres 115

A114565

PAGE

Abe, Y., Endo, N. and **Goto, M.** Sensory Innervation of the Fore Part of Dorsum Linguae in Hedgehog 129

Masamune, H. and **Yosizawa, Z.** Biochemical Studies on Carbohydrates. CLXVII. Structural Study of the Group Carbohydrate from Pig Stomach Mucus. Ninth Paper... 135

Masamune, H., Yosizawa, Z. and **Miki, T.** Biochemical Studies on Carbohydrates. CLXVIII. Fractions of Pig Gastric Mucus and the Carbohydrate Preparations therefrom 147

Masamune, H., Tsuiki, S. and **Ogawa, K.** Biochemical Studies on Carbohydrates. CLXIX. A $HgCl_2$-test and a Means to differentiate Free Sugars, N- and O-Glycosides and Schiff Bases from one Class to another 157

Naka, H. Studies on Tuberculous Bacilluria in Bone and Joint Tuberculosis 161

Yaoita, Y. Studies on the Development of Surgical Renal Tuberculosis ... 171

Ninagawa, C. On the Minimal Effective Dose of Noradrenaline for Causing the Blood Pressure Elevation in Non-Anesthetized Dogs 185

Suzuki, T., Ozaki, T., Ninagawa, C. and **Nakamura, T.** On the Activities of the Medullary Extract of the Bovine Adrenal Gland estimated by some Biologic Tests, using the Adrenaline-Noradrenaline Mixture as the Standard 191

Kimura, E., Kato, K., Murao, S., Ajisaka, H., Koyama, S. and **Omiya, Z.** Experimental Studies on the Mechanism of the Auricular Flutter... 197

Nos. 3–4, October 25, 1954

Yamaguchi, T. A Method of Estimating the Circulating Blood Volume by Sodium Para-aminohippurate. 2nd Report 209

Miura, O., Nakajima, T. and **Mizumoto, R.** Application of Radioisotope P^{32} for Treatment of Incurable Latent Syphilis, Preliminary Report 217

Fujii, M. Biophysikalische Studien über Blutserum-Eiweisse. III. Ueber das Verhalten einiger Mineralstoffe im Blutserum bei elektrischer Aufladung 229

Saito, Y. Responsiveness of Sweat Glands to Adrenaline in Skin Diseases. I. 237

Saito, Y. Responsiveness of Sweat Glands to Adrenaline in Skin Diseases. II. 245

Saito, Y. Responsiveness of Sweat Glands to Adrenaline in Skin Diseases. III. 251

PAGE

Kanno, N., Kimura, K., Tanaka, Y. and **Mugikura, Y.** Studies on High-molecular Placental Components in Connection with Pregnancy Toxemia. First Paper 257

Kanno, N. Studies on High-molecular Placental Components in Connection with Pregnancy Toxemia. Second Paper. On Purified Placental Neutral Carbohydrate 271

Yamamoto, S., Konno, T. and **Momma, R.** Studies on Brain Stem. VIII. On the Positions of Abducens Nucleus and Abducens Root of Birds 279

Miura, O. and **Kusunoki, S.** On Heat Resistance of *Genus Candida*. A Method proposed for Pathogenic Discrimination of *Candida albicans* ... 283

Ohi, K. Innervation especially Sensory Innervation of Stomach in White Rat... 289

Ohi, K. Innervation especially Sensory Innervation of Duodenum in White Rat 297

Segi, M., Fukushima, I. and **Kurihara, M.** A Proposal on a Calculation Method to be applied by Geographical Comparison of Cancer Mortality 307

Utsushi, S. Innervation of Duodenum and Ductus Choledochus in Human Embryo 311

Masamune, H., Kanno, N. and **Kimura, K.** On Skin Reaction in Cancer Patients and Pregnant Women of Placental and Embryonal High-molecular Components 323

Hakomori, S. Chemistry and Biology of Lipids. XVIII. On Group Lipoid from Human Liver. Fifth Report 331

Masamune, H., Hakomori, S. and **Masamune, O.** On Proteins and Amino Acids. X. Determination of Amino Acids and Amines by Paper Partition Chromatography 347

Hayakawa, M. and **Ito, F.** On Existence in Tissue Cell of Tryptase as a Second Intracellular Proteinase 353

Hayakawa, M. and **Ito, F.** In vitro Activation of Tissue Tryptase of Rabbit 361

Ito, F. Studies on Tissue Protease. I. Separation of Tryptase Activity from Catheptase or Ereptase Activity on Rabbit Liver Homogenates... 367

Sato, H. Comparison of Nucleic Acid Contents of Streptomycin-resistant and -dependent and Chloramphenicol-resistant Strain induced from *E. coli*. 375

Miura, O., Nakajima, T. and **Yamamoto, C.** On an Undescribed Gingival Symptom observed in Allergic Skin Disease Patients 387

General Index to Vols. 51–60, 1949–1954 i
